INCLUSIVE NETBALL

- Inclusive Netball is a program for all abilities offered to school age children who have not been given the opportunity to try netball before.
- The program provides an opportunity for both boys and girls with different abilities and special needs to participate and enjoy the Nambour Netball community in a fun and supportive environment, giving them the opportunity to be involved in a team sport at their level of ability, without the pressure of competition.
- If your child is shy, has anxiety, a disability, lacks confidence or has special needs? Then Inclusive Netball is for them. Our aim is to include all children into the sport of netball. Learn ball co-ordination and team skills in a supportive and friendly environment with our specialist coaches.
- Participants learn co ordination, team and ball skills, netball and game strategies. Skill training and games are played in a supportive and friendly manner to extend their friendships, offer goals for achievement and develop physical fitness.

Inclusive Netball is offered each year.
